

## **Welcome to our private clinic**

The SKIN CENTRE REGENSBURG was founded in 2014 by Professor Babilas and is located in a founder time villa opposite the city park. From the courtyard it is possible to reach the rooms barrier-free.

The central element of the SKIN CENTRE REGENSBURG is a patient and service-oriented procedure of the clinic. They are our focus! We offer extended opening hours, on request also consulting hours on weekends and evenings, as well as a smooth appointment, which is also possible online.

On the following pages you can get an impression of the team and the rooms of the SKIN CENTRE REGENSBURG.

For further questions on the SKIN CENTER Regensburg or on procedure of the clinic, we dare refer you to the section "USEFUL INFORMATION". We are happy to answer questions in advance by phone or e-mail.
